CENTRE MOUNTING TOOL

The centre mounting tool is four times faster than the old manual mounting tool. With 200% more traction (3 tonne), interchangeable claws (similar to that the geared mounting tool), centre mounted draw-bar. Note: The claws are different colours to ensure proper use. The left is black.

Tool €350
Jaws sold separately.
Case available to order.

STRONGBOX BATTERIES

StrongBox batteries - Proven to be the best. You depend on your equipment - and your equipment depends on your battery. That's why John Deere designed one of the toughest, most dependable batteries you can put in your machine.
